

## SERIES 8 - Slimline Skirting Heaters

Series 8 Skirting Heaters have been designed to be discretely placed under windows and on, or above skirting boards in a variety of rooms and conservatories. Although subtlety is a key factor of the Series 8 models, the heaters provide maximum comfort and warmth.

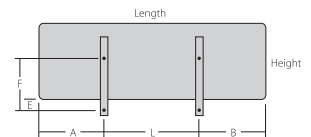

With easy to install wall mounting brackets, and also available with floor mounted fixing brackets, the skirting heaters can easily adapt to their interior surroundings to provide discreet heating output.

### Features:

- Output sizes ranging from 250 Watt to 1500 Watt
- Discreet design ultra slim shape
- Designed for fitting under windows and above skirtings or floor mounted
- Low profile only 200mm high
- Full range of control options
- Separate wall bracket and plug in flex for easy installation
- Hinge forward and lock for cleaning at back
